FISHERMEN FARE WELL

SEASON HAS BEEN A GOOD ONE FOR THEM.

More Than Half Million Dollars Already Paid Out for the Raw Material.

After Saturday's falling off in the run of salmon a material improvement was noted yesterday. The improvement was particularly noticeable on the north shore of the river, where very fair catches were made. On the Oregon shore, however, the men fared poorly. Withal, the supply was better than that of Saturday.

Just how the season will end is a question that is occupying the attention of the cannery and cold-storage men. According to C. B. Trescott, who has kept close tab on fishing for several years past, there will be an entirely new run of salmon by next Mon-

day, or else the season will terminate in a most unsatisfactory manner. Of course, last year's great run of what were generally supposed to be hatchery fish created a widespread belief that another like run would occur this year. Mr. Trescott said yesterday, in conversation with a representative of the Astorian, that the fish received yesterday were the last of the June run, which has prevailed for some time. On next Monday there will be a new moon, and a new run is due, says Mr. Trescott. If this run materializes, the fish will not only be plentiful, but will be of fine quality. Should it fail to materialize, Mr. Trescott believes the season will have a poor ending.

Up to Saturday night, according to a carefully compiled estimate, the cold-storage concerns of the lower river had handled 649 tons of fine chinook salmon. The Lindenbergers are said to have received much fish during the past week, in which time, it is stated, they doubled their pack. The following statement shows the number of tons of fish handled at each of the cold-storages, and also the number of tierces. The Packers and F. M. Warren pack 700-pound tierces, while other concerns pack 800 pounds to the tierce, or barrel:

Company—	Tierces.	Tons.
P. M. Warren	415	265
P. M. Warren	482	168
S. Schmidt	255	102
Vensyssel	190	76
Lindenbergers	190	64
Co-Operative	85	35
Total	1767	649

This statement shows the number of tierces of cold-storage size fish—that is, salmon weighing 25 pounds or more. Some of the cold-storages handled small salmon during the light runs. It is said, and if this fish were counted the total would perhaps be somewhat greater. Mr. Both is now freezing salmon at Senator Megler's Brookfield cannery, but his pack is small as yet, as he has only just commenced work.

The cold-storages have also handled 415 tons of steelheads up to the close of business last night. The number of tons handled by each concern follows:

P. M. Warren	270
Packers	89
Vensyssel	25
Lindenbergers	39
Total	415

It is estimated that the pack of salmon on the Columbia river up to the close of business last night is about

115,000 cases. The total amount of money paid out to fishermen for raw material, then, would be almost \$500,000, as follows:

Amount expended by cannery	\$388,000
Amount expended by cold-storages for chinooks	100,000
Amount paid for steelheads	12,000
Total	\$500,000

In view of the fact that the traps and seines have done little, nearly the entire amount has been paid to the gill-nets. The decrease in the amount of gear has made the catches of im-

dividual fishermen somewhat greater, and the men are doing better this year than last. The cold-storages buy 100 pounds of fish for every 70 pounds actually packed, so that the cost of raw material is greater than would appear from the statement giving the pack.

PERSONAL MENTION.

J. Bruce Polworth was down from Cathlamet Sunday.

J. E. Vining, of Ashland, has returned home, after a few days' visit in Astoria.

Mrs. Lemon and Miss Lemon leave today for California for a few weeks' visit with friends.

Mrs. Dr. Cawood, of Portland, accompanied by her son, is visiting with Dr. and Mrs. August Kinney.

F. I. Parker returned Sunday from a Sound trip. He went around on the Pullitzer and had a pleasant trip.

Dr. and Mrs. A. A. Finch returned yesterday from White Salmon. Wash. Dr. Finch reports a big improvement in the condition of Judge Gray, which will be pleasing news to that gentleman's many friends.

Deputy Collector of Customs D. A. McLean has gone to Nehalem bay and Tillamook on a semi-annual inspection trip. He is accompanied by C. A. Sharpstein, of Walla Walla, who will visit with C. H. Wheeler, at Yonburg.

Mr. and Mrs. J. D. Mulvehill, of Chicago, arrived in the city yesterday on the Columbia from San Francisco. Mr. Mulvehill represents the Malloy Hat Manufacturing Company. The visitors stopped off to spend a few hours with Herman Wise, who showed them through the cannery.

Mr. and Mrs. O. Ellsworth, of San Francisco, are in Astoria visiting with Judge and Mrs. F. J. Taylor. Mrs. Ellsworth is on her return from Alaska and was met at Seattle by her husband. Mr. Ellsworth is an attorney of the Bay City. His wife was formerly Miss Mastick, and is quite well known here.

BOYS GUILTY OF ARSON.

Ten-Year-Old Lad Confesses to the Setting of Many Buildings on Fire.

NEW YORK, July 14.—John Prisman, a chubby faced boy, 10 years old, has been arrested on a charge of arson. If the boy's statement in a confession, said to have been made to the

police, are to be believed, the boy is a member of a dangerous gang of youthful fire bugs, who have caused large loss of property and possibly the

death of a woman. For sometime, fires of a suspicious origin have been prevalent in the Leonard and Oak street precincts and recently Captain O'Brien issued orders that a strict watch be kept for the boy, who had been repeatedly described as seen running away when these fires were discovered. Finally a cry of fire was heard coming from 89 Franklin street and two boys were seen rushing from the building. The detectives captured one of the boys after a long chase. At station the prisoner is said to have confessed that he and his companion who escaped had set fire to the place by breaking out a window and throwing a stick saturated with turpentine and blazing oil into the room. In confessing other fires Prisman is

alleged to have told of one started on March 5th last in Canal street which destroyed two buildings and cost a woman her life. The fire was supposed to have been started by an explosion. As Prisman related the details of many fires he is said to have become interested in his subject and to have admitted that he liked to see the fire department run to a fire and was imbued with the desire to witness a large conflagration.

Complete Treatment for Every Humour

EXTERNAL AND INTERNAL

CUTICURA SOAP, to cleanse the skin of crusts and scales and soften the thickened cuticle, CUTICURA OINTMENT, to instantly allay itching, inflammation, and irritation, and soothe and heal, and CUTICURA RESOLVENT, to cool and cleanse the blood. A SINGLE SET of these great skin curatives is often sufficient to cure the most torturing, disfiguring, itching, burning, bleeding, crusted, scaly, and pimply skin, scalp, and blood humours, with loss of hair, when all else fails.

MILLIONS OF PEOPLE USE CUTICURA SOAP, assisted by CUTICURA OINTMENT, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itching, and chafings, and for all the purposes of the toilet, bath, and nursery. Millions of Women use CUTICURA SOAP in the form of baths for annoying irritations, inflammations, and excoriations, or too free or offensive perspiration, in the form of washes for glaucous weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves to women, especially mothers. CUTICURA SOAP comes in Oint Soap at Once Price, the most skin and complexion soap, and the best toilet and baby soap in the world.

Sold throughout the world. British Depot: F. Harvey & Sons, 25-26, Chancery Lane, London, E.C.4. Price 25c. U.S. Depot: J. C. Clark, 100, N. 3rd St., Philadelphia, Pa.

LADIES AUXILIARY OF Holy Innocents Chapel

It will be a pleasure, Beyond all measure To welcome you hearty To our measuring party. We will count all right Your feet in height: Just three cents a foot, Each extra foot a penny to boot If you can't come "Well make us sad, But send us the money And it won't be so bad. Pears'

Whoever wants soft hands, smooth hands, white hands, or a clear complexion, he and she can have both: that is, if the skin is naturally transparent; unless occupation prevents.

The color you want to avoid comes probably neither of nature or work, but of habit.

Use Pears' Soap, no matter how much; but a little is enough if you use it often.

Established over 100 years.

Good enough for anybody!
